

# Independent Reading Evidence Options

**Explanation:** Every day you should be reading at least 20 minutes in order to improve your reading skills. This reading can be done in class if time is given, during reading room time, or at home. In order to prove to me that you are progressing with your reading, you will choose one of the options below to complete as evidence. These assignments will happen every few weeks, about twice a month. When the independent reading options are assigned, you will tell Ms. Settles which reading strategy you will use for that week. Feel free to change your reading option each time. Your reading evidence will be graded on the following rubric.
